

Press release
October 2021

Over 170 innovations, 20 finalists

POLLUTEC ANNOUNCES THE 20 FINALISTS OF THE POLLUTEC INNOVATION AWARDS

Created in 2016, the Pollutec Innovation Awards, co-organised with the PEXE and formerly known as the Innovation Showcase, give pride of place to the innovations of French and international eco-innovative companies, and aim to give them greater visibility after the event.

After receiving more than 170 applications, a jury of experts met at the end of September to nominate the 20 finalists who will pitch on 12 October, from 12pm to 1.30 pm on the plenary stage of Pollutec, in order to become one of the 3 winners of the Pollutec Innovation Awards 2021. The list of the winners will then be unveiled the same evening, at 5pm, during an awards ceremony.

WHO ARE THE 20 NOMINEES FOR THE POLLUTEC INNOVATION AWARDS 2021?

 Turnkey solution for collective self-consumption	 Unit with integrated optical sorting for fast and accurate processing of lightweight materials
 Water reuse unit with zero liquid discharge (for an AFI plant)	 Process for the recovery of heavy metals from industrial water using CHFS and supercritical water

 <p>Technology for recycling plastics by enhancing their properties and stabilising them.</p>	<p>DND Biotech Srl</p>  <p>Soil bioremediation mobile platform.</p>
<p>FRÄNKISCHE FRAENKISCHE FRANCE</p> <p>All-in-one stormwater management module</p>	<p>iADYS Interactive Autonomous Dynamic Systems</p> <p>Stand-alone version of the Jellyfishbot floating waste collector</p>
 <p>Induction for the decarbonisation of industry</p>	 <p>Gas analyser by photoacoustic spectrometry</p>
 <p>Low temperature production of nitrogen fertilizer from ammonia in effluent</p>	 <p>Probiotic solution for the treatment of cooling towers</p>
<p>pure∞ontrol</p> <p>Energy performance management platform for industrial systems</p>	<p>sakowin GREENenergy</p> <p>On-site, CO2-free hydrogen production solution</p>
 <p>Self-consumption cabinet with energy storage</p>	 <p>Solution for detecting SARS-CoV-2 markers in wastewater networks</p>
<p>TRTECORA POLLUTION CHECK</p> <p>Portable asbestos and dioxin sampler</p>	 <p>Multi-purpose clean-up boat for the collection of floating waste</p>
<p>ViewPoint Biosurveillance de l'eau</p> <p>Extension of the ToxMate multi-species biomonitoring station to drinking water</p>	 <p>Production of high purity copper from 100% scrap</p>
